GaYCP Mental Health Information Form To be completed by a medical/mental health provider

Patient Name: _____ Parent Name: _____

We are requesting you to evaluate the mental readiness of this person to attend the Georgia Youth Challenge Academy Program (GYCP). We want to ensure that the student’s attendance will “do no harm.” To help in this evaluation, we are providing some basic information.

GYCA is a 5-month, intense residential quasi-military program focused on discipline and academic excellence. While in a structured, disciplined environment, students will be expected to participate in the program’s eight core components in: Leadership/Followership, Service to Community, Job Skills, Academic Excellence, Responsible Citizenship, Life-Coping Skills, Health & Hygiene, and Physical Fitness. While here, students live in a military dorm with upwards of 50 other individuals; follow military customs such as marching, participating in physical training 5-days per week starting at 6:00 AM, going to bed at 9:00 PM, and having their entire day regimented.

GYCP has career counselors, but it does not provide mental health counseling; therefore, it is not recommended for individuals requiring intense mental health treatment. Parents and or Guardians will be responsible for arranging any mental health follow up appointments during (2) scheduled passes. Additional days away from training could disqualify the student for graduation, having not completed the mandatory number of days of training. Contact us, if you have questions.
